

Weekly Update

Friday 29th November 2024

This week the elves have been in putting up new lights across the school. This LED upgrade is far kinder to the environment, reduces costs and have really brightened up the place. Thank you to the CRST for the capital bid to make this magic happen (however we do request a few tweakments as I am noticing wrinkles that certainly weren't there when we relied on the 1970's fittings)

CHRISTMAS READING CHALLENGE

Monday sees the launch of the Lola's Christmas Reading Challenge. Children will receive a reading ticket for each read and the chance of winning an epic prize!

MENTAL HEALTH

It's a funny time of year. If you are experiencing feelings such as stress, depression or anxiety don't worry, this is very normal and there is lots of support available for you. Click on this link to find support from Lumi Nova, Talking Therapies, Kooth and Young Minds.

[Support with mental health and wellbeing if Starting Well](#)

DOGS

Please note we don't have any dogs on the school site. We would also prefer if dogs were not tied to the fence or gate. Thank you for your understanding.

ATTENDANCE

We have a lot of poorly children at the moment. If you are ever in doubt about whether to send them in the NHS have issued this guide [Is my child too ill for school? - NHS](#).
